

**Amendments to the Specification:**

On page 1, prior to the "Technical Field", insert:

**RELATED PATENT APPLICATIONS**

This U.S. Patent Application is a continuation of, and hereby  
5 incorporates by reference the entire disclosure of, co-pending U.S. Application  
for Letters Patent Serial No. 09/874,143, filed June 6, 2001, entitled "Method  
And System For Controlling Printer Temperature".
